

Tech for Good Homework Task

NAME

HOMEWORK DUE DATE

YOUR TASK

Research at home and find one more example of tech for good which we did not cover in today's lesson. Bring your research into class next lesson to share your findings with a partner/the rest of the group.

Find out who invented the technology.

Explain why you think it's an example of technology being used for good.

Find out the future plans and possibilities for your chosen tech for good. How else do you think the technology could be used to help people, animals or the environment?
