## YOUR TASK

Work with an adult at home to match the famous person in tech to their name and role

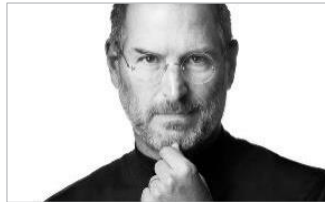

### OPTION 1:

Your challenge is to find the answers **without using any tech**. Use the knowledge of people around you – friends, family, teachers and classmates.

Once you think you know the answer, draw a line between each picture and statement to link them correctly.

### OPTION2:

Research these people in more detail and present your finding in any way you would like to.
